Drayton Richdale Corp. Secures Agreement for Technical Services From Leading Edge Engineering, Inc.

TEMECULA, CA -- (MARKET WIRE) -- 02/27/2006 -- Drayton Richdale Corp. (OTC: [DRYN](#)), the intellectual property market place, secures technical services from Leading Edge Engineering, Inc. San Diego, California, for development and testing of Technology Resources, Inc.'s (a wholly owned subsidiary) Nate Coleman "Bellow-type Pressure Sensing Apparatus," USPTO No: 6,604,427 for optic sensors and controls with potential use in semiconductor fabrication, aerospace, petroleum processing and electronic instruments for scientific, technical and medical applications.

Drayton Richdale Corp. appoints a new director, Donald T Wight, Esq. Mr. Wight has been in the practice of law since 1999. He is admitted to practice in all California state courts and is a Registered Patent Attorney, admitted to practice before the U.S. Patent & Trademark Office.

Included in Drayton Richdale Corp.'s asset portfolio is the USPTO issued Materials and Supplies Ordering System (MSOS) USPTO No.: 6,134,557 business method patent portfolio. Final analysis and the findings of the legal opinion determining who may be infringing on the MSOS business method patent portfolio will be completed and announced by March 20, 2006.

Certain statements in this press release constitute "forward-looking statements" within the meaning of the United States Securities Legislation. The Company's actual results could differ from those in the forward-looking statements. Do not construe this information as investment advice. This is not a solicitation to buy or sell securities. This does not purport to be a complete analysis of the Company. Investing in securities is speculative and carries a high degree of risk. Past performance does not guarantee future results. Readers should consult their own advisors. Information contained in this press release should be independently investigated. These remarks involve risks and uncertainties. Risks are not limited to quarterly fluctuations in results or the company's management of growth and competition. Other risks are detailed in the Company's SEC filings. Actual results may differ materially from such information set forth herein.
